Good Morning Commander Cohen,

Thank you for signing the MOU! The next step is getting your agency setup with an account in Flock and Monitoring the HOA cameras in your city. You will then be able to request other agencies share cameras with you if you choose to do so.

I have cc'd Hector, the Flock SoCal Market Manager, because he will schedule a time to train you and anyone else you would like to have access to the system. If possible can you send the name and email address of whom you would like to have access to the software and we will have them setup before the training call. The training takes about 1 hour.

I also included a quick flyer about our nationwide search feature, which is an opt in tool. Once your agency is set up in Flock, you can choose to participate. It is also free of cost. I'm in the office today and happy to answer any additional questions you may have. Hector will be in touch soon to schedule a time for the training.

Thank you again, and I hope this is the start of a good partnership.

Best Regards,
